

PA2 Report - Requirement 5: Peer Review

Group: 06

Course: CSC13112 - UI/UX Design

Assignment: Project Assignment 2

Product Scope: Freestyle Chess mobile website on smartphone browser

Document Purpose: Record presentation feedback, group response, and revision actions after the PA2 presentation.

1. Presentation Record

Field	Notes
Presentation date	After PA2 presentation session
Presenters	Group 06 Members (Lê Mai Hoài Bảo, Trương Công Thiên Phú, Lâm Hữu Khánh, Phạm Chí Bảo Ninh, Phùng Ngọc Tuấn)
Duration	15-20 minutes
Materials shown	06-PA2-PresentationSlides.html , R1 user research findings, R2 user analysis, R3 proposal, R4 use case specification

2. Feedback And Questions

No.	Commenter Name	Role / Group	Feedback Or Question	Group Response	Revision Action	Status
1	Lecturer	Lecturer	On slide 3, the phrase "dùng điện thoại để xem tin tức" is not precise enough. The intended meaning should be "xem tin tức online bằng điện thoại".	The group agreed that the original wording could make the behavior sound too general. Since the study focuses on mobile web usage, the wording should emphasize online news browsing through a phone.	Revised slide 3 and the presentation script to use the corrected meaning: users "xem tin tức online bằng điện thoại".	Done

3. Revision Summary

Changed Document	Before	After	Reason
06-PA2- PresentationSlides.html	"Use smartphones to read sports/chess news"	"View online sports/chess news by phone"	Clarifies that the research context is online news browsing on a phone, not simply using a phone in general.
06-PA2- PresentationScript.md	"63.9% người dùng thường dùng smartphone để đọc tin thể thao hoặc cờ vua"	"63.9% người dùng thường xem tin tức online bằng điện thoại, bao gồm tin thể thao hoặc tin cờ vua"	Aligns the speaker narration with the lecturer's feedback and keeps the wording consistent with the mobile web research scope.

4. Final Note

This feedback did not change the underlying research result or percentage. It only refined the wording used to describe the user behavior on slide 3 so the presentation more accurately reflects the PA2 mobile web study scope.
